Possessions of Deceased Agents

REF: SGAW 7259, 1 November 1954

Action Requested: None; for information and files.

1. Pursuant to reference a board consisting of [ ] [ ] [ ] and [ ] made a thorough examination of the possessions of deceased agents held by this branch. The effects of the following agents were reviewed:

AIRTIGHT  
RNPOTLOG  
RNCERTAIN  
RNDOMINO

GADUMMY  
GABNEGATE  
GABOARD  
GABLUTION

2. The bulk of the effects consisted of clothing in such generally poor condition as to not warrant converting into cash for purposes of establishing an escrow account for any one agent. That portion of the clothing which had been issued to the agents by us was returned to the Supply Section for disposition. The remainder we propose to offer to USEP for distribution in the refugee camps.

3. In addition to the clothing there were personal pocket possessions including small change, papers, letters, snapshots, pocket knives, sun glasses, etc. No one agent's possessions appear to have any significant monetary value, nor were there items which would appear to have sufficient sentimental value to warrant forwarding to Headquarters. We attribute this to what was then the practice of each agent leaving his worthwhile possessions with friends or relatives prior to undertaking a mission; the only items coming into our custody being those things he was wearing or carrying at the time he was picked up for staging.

4. The few personal pocket possessions have been segregated into separate envelopes for each former owner and will be retained for distribution to local friends or relatives who may request them.
